## STRATHBOGRIE SHIRE GOES GREEN

**Following the success of the kerbside green organics collection trial in Euroa in 2012, Strathbogrie Shire Council is offering ratepayers within the township areas of Violet Town, Euroa and Nagambie an opportunity to take up a green organics collection service on an ongoing basis.**

Council is offering the fortnightly collection service to households within the above townships at a cost of \$85 per annum per property. Those taking part in the green organics collection service will receive a \$20 discount on the annual garbage collection costs listed on their rates notices. The service will introduce a third bin for disposal of food scraps and garden waste for composting.

A minimum of 1500 interested ratepayers are required for the collection to go ahead. Don't miss this opportunity to reduce our landfill and help the environment by going green.

To be part of this great opportunity, please send us an email to [info@strathbogrie.vic.gov.au](mailto:info@strathbogrie.vic.gov.au) with your name, address and contact number and the words "Go Green" in the subject line or phone our customer service team on 1800 065 993 by the 31st May 2013.
