PHHWV is a non-profit, charitable organisation committed to providing hope for Victorian equines through education, rehabilitation and advocacy.

**Re: Bushfire Recovery - Emergency relief measures for horses after natural disasters**

Project Hope Horse Welfare Victoria, within its goals aims to assist owners and horses where horses are in need and can help in specific ways after natural disasters. Could you please let your local laws officers, fire recovery people and emergency centres know the details below in case we can help.

Our website [www.phhvw.org.au](http://www.phhvw.org.au) also has this information. Project Hope disaster relief for horses and horse owners was set up after the Black Saturday fires and is available in any subsequent disaster in Victoria.

Working with Triple R Equine Welfare ([www.trew.org.au](http://www.trew.org.au)) we assist where needed with:

- Collecting and distributing donated feed suitable for horses
- Funds for emergency feed and needs such as vet supplies
- Advice and help to horse owners in crisis
- Help to find short term paddocks if needed

We work with our members and local horse owners to assist as needed in that region.
