

## Greening Euroa Project

### Show your support

We know the Greening Euroa Project is a no brainer!

Community driven. Victorian first. Sustainable. Awesome!

But, we want to ensure every hears our story and that we secure the \$3.8 million needed to see the project become a reality.

You can help us by showing your support, helping spread the word and creating a buzz about the Greening Euroa Project.

Use the below social media posts below to share this fantastic project far and wide so we can encourage our State and Federal leaders and other philanthropic bodies to provide funding to install the required infrastructure.

And remember.....#LetsGreenEuroa!

# Social Media

I support the Greening Euroa Project because my town is important to me.

I want to see our green spaces green during the summer months – it's essential to our health and wellbeing.

Whether you play sport, go to school, or just love Euroa - this is an important project to get behind and show your support.
