

**Resilient Sustainable Agriculture**  
Enhancing Farmer's Skills and Knowledge

# Gecko Clan Landcare Network

## Develop a Biosecurity Plan and prepare your farm for emerging biosecurity threats.

*This workshop is essential for all livestock owners or managers who need to update or develop a farm biosecurity plan*

**Free Event 9:30am (for 10am start) – 3:00 pm, Saturday 6 August 2022**

**Euroa Football Club Rooms,  
2 Dunn Street, EUROA**

**Kirstie Anderson, Technical Specialist with Agriculture Victoria** will take participants through Livestock Production Assurance (LPA) and Biosecurity Plan templates. Learn how to transfer livestock on Australia's National Livestock Identification System (NLIS).

**Dr Bill Sykes, Veterinarian/ Animal Health and Production Consultant** will discuss emerging biosecurity threats and lessons for landholders from past disease outbreaks.

**This is a ticketed event** To book your ticket: <https://www.eventbrite.com/e/your-farm-biosecurity-plan-planning-for-emerging-disease-pests-and-weeds-tickets-380104080537>

**Or visit [www.geckoclan.com.au](http://www.geckoclan.com.au)**

If you are unwell or, awaiting results of a COVID test, please do not attend on the day and give Kerri (0418 140 710) a call.

**GOULBURN BROKEN**  
CATCHMENT MANAGEMENT AUTHORITY

**This project is supported by the Goulburn Broken CMA through funding from the Australian Government's National Landcare Program**
