<p>As a ratepayer in Strathbogie Shire, I'm supporting their calls to the Victorian Government to fully fund the waterway management role.</p> <p>The service is costing ratepayers about \$200,000 each year to deliver a service that's not a Local Government responsibility.</p> <p>It's essential this life saving service continues, but it needs to be funded by the responsible authority.</p> <p>Please help us by sharing this post!</p> <p>#fundourwaterways #keeplakenagambiesafe</p>	 <p><b>Keep Lake Nagambie and the Goulburn River safe for water users</b></p> <p>I support Strathbogie Shire's campaign for a annual allocation of funds to deliver the essential waterway manager service</p>
<p>As a business owner in Nagambie in the Strathbogie Shire I know how important Lake Nagambie and the Goulburn River waterways are to our success.</p> <p>It's a key driver to our economic prosperity and draws thousands of visitors to our region each year.</p> <p>However, it's not fair it's costing Council – and in turn us as ratepayers – about \$200,000 to deliver each year.</p> <p>All we're asking for is for the responsible authority (the Victorian Government) to fully fund the program it's responsible for.</p> <p>Surely that's not too much to ask?</p> <p>Please help us by sharing this post!</p>	 <p><b>Keep Lake Nagambie safe for everyone to enjoy</b></p> <p>I support Strathbogie Shire's campaign for a annual allocation of funds to deliver the essential waterway manager service</p>
