# Strathbogie Tableland: Local Emergency Action Plan (LEAP)

*Strathbogie Tableland's local risks are:*

## **Fire, Storms, Floods and Animals on roads**

The aim of this action plan is to continue to build greater community resilience, during and after emergencies, by increasing the awareness of our local emergency risks and the steps that our community and individuals can take to prepare for, respond to and recover from these emergencies.

In particular, this action plan will provide avenues to achieve and enhance the plans already developed by our community and provide additional strategies to support people living on the Tableland.

*Strathbogie Shire Council acknowledges the Taungurung peoples as Traditional Custodians of the Strathbogie Tableland area. We recognise and respect the enduring relationship they have with their lands and waters, and we pay respects to the Elders past, present and emerging.*

## Emergency preparedness

### Preparation is key

For more information scan the QR code below or visit [www.strathbogie.vic.gov.au/services/emergency-preparedness](http://www.strathbogie.vic.gov.au/services/emergency-preparedness)

For Community Emergency Information for the Tableland visit [www.strathbogie.org](http://www.strathbogie.org)

*In an extreme weather event power, water, telecommunications, and transport networks may be impacted, causing disruptions and isolation to households and communities.*

**Emergency Services will have high demand in an emergency event. As a part of your emergency plan, households should be prepared for up to 72 hours of isolation.**

*Prepare a household emergency kit. Download the VicEmergency App and have a battery powered radio ready to receive warnings and updates. Monitor warnings and be prepared to act.*

*Emergency management is a shared responsibility between individuals, communities, Council and agencies. Preparation is key to reducing impacts and to supporting emergency services.*
